THE FOUNDATION FESTIVAL SUR LE NIGER AND ITS ECOSYSTEM AT DOCUMENTA FIFTEEN

PRESENTATION OF THE MAAYA BULON | HÜBNER

As part of documenta fifteen, the Foundation Festival sur le Niger, as a member of the international collective called Lumbung, presents a series of artistic projects that resonate with the social practices that influence change in Malian society. These artistic proposals are presented in the concept of “Maaya Bulon / Maaya Vestibule”, a name given to a specific room in Malian architecture where family or community decisions are made. This is the place where hospitality is practiced (welcome, chat, exchange with the host), a central notion in Malian culture.
